

Snow Action Days

Recommended Safe Practices

Help the University run smoothly during a declared Snow Action Day by keeping the following recommendations in mind:

Leave your cars, mopeds and bicycles at home

- If possible, leave your cars, mopeds and bicycles at home. Fewer vehicles on the roads mean safer, less congested travel for everyone.

Dress for the weather

- Wear warm clothes and shoes with excellent traction.

Adhere to Winter Parking Rules

- Do not park on Linden Drive or Observatory Drive.
- Do not park on the top level of ramps.
- Park overnight only in designated rows in restricted lots.

Be prepared for campus bus detours and delays

- Get real-time arrival estimates or track actual bus locations with the Metro Transit Tracker - mymetrobus.com/mobile
